Update on committees for Town Plan review. Chris will spearhead the organization of the subcommittees and contacting potential committee chairs based on the 'survey' results of the Feb 6th meeting.

Discussion of pages 1-12, the history of Jamaica and the introduction to the Town Plan. What is the vision for the future of the town of Jamaica, both the village and outside the village? The current thinking is that the village is dead. We need to retain a strong school, advance the development of the town infrastructure including water and sewer and build on these foundations to foster business growth and to attract young people and families who want to live and work here.

Specific details of writing the introduction will be summarized after the bulk of the other sections are pulled together.

Meeting adjourned at 8:25

Next JPC meeting: March 6, 2017
